

Easy access to legal help through our website

Simple login and guided process to get the legal help you need

The MetLife Legal Plans website makes it easy for you to access your benefits and find attorneys. You will create an account on the site, giving you access to everything you need to use your legal plan, as well as our digital estate planning solution.

Getting Started

Visit **members.legalplans.com**, and create an account with the email of your choice, personal or work, and password to begin setting up your account. Once you do this, you will be asked to provide some personal information, including your full name, address and the employer or organization offering the legal plan to confirm your eligibility.

Using your plan

Once we confirm your eligibility, you will have access to a guided process to see your coverages and be connected to an attorney to help you with your legal issue. After you select an attorney to help you with your issue, we will send you an email with the attorney's contact information and the case numbers you'll need to provide to the attorney when you make an appointment. All you need to do after that is call the attorney to discuss your issue or make an appointment.

Digital estate planning solution

The website also provides you with the ability to create wills, living wills and powers of attorney online in as little as 15 minutes. The self-guided process allows you to create state-specific documents for yourself and your spouse. You can access the service by clicking on "Wills and Estates" from the main menu, and then clicking on "Estate Plan Bundle" from the coverage page. We will ask you a few questions to make sure that the online process is the best fit for you, and if it's not, we will direct you to our attorney network.
