- (If possible, listen to the Audiobook that is narrated by the author. It is available to borrow from library sites like Libby if you have a library card from most public libraries. I will see if the Styberg Library can get an audiobook

edition. It is like being with Billy Porter to hear him read/tell his story with all the emotion that goes with it.)

There will be other readings that will be available on Moodle.

You will need to read one additional book that you will use for your class teaching session. You will choose a book related to your interest or research, in consultation with the professor. Dr. Lee will have some suggestions and you will make your choices at the beginning of the semester.
