[Theology Together](#) is an experience-driven paradigm for youth ministry that positions teens as theologians. The power of youth as theologians leads to innovative, relevant, and growth-minded youth ministries because youth have the space to enter into robust theological dialogues. We help you enter into this paradigm through a robust set of tools—curriculum, training, events, and resources. Theology Together began as a grant initiative of CYMT in 2013. Over the first 7 years, Theology Together programs were implemented through a summer missional immersion program. Theology Together is currently in the midst of a 4 year, 1 million dollar grant to expand our work and embed its process into the fabric of congregational youth ministry.

[The Center for Youth Ministry Training](#) equips leaders and communities of faith to develop innovative, effective, and theologically informed ministries so youth may experience the love and grace of Jesus Christ, leading to identity and purpose. The CYMT accomplishes this mission through three primary initiatives: the Graduate Residency in Youth Ministry, in partnership with Austin Presbyterian Theological Seminary; Theology Together; and the Innovation Laboratory. CYMT was created in 2006.
