# YOU'RE GOING TO NEED A BIGGER BANK.

## GET MORE OUT OF YOUR PAYCHECK.

Do you pay medical expenses? Child care? If you answered yes to any of these questions then keep reading because we are going to put more money in your pocket. The IRS established Section 125 to help reduce some of the burden of medical, dental, vision and dependent care bills. With BASIC Flex, you elect to have a certain dollar amount transferred from your paycheck into a special account to pay for expenses as they occur. This money is taken from your gross pay prior to taxes. You save by not having to pay federal and most state and local taxes, as well as Social Security and Medicare taxes, on the amount you set aside.

EXAMPLE OF SAVINGS FOR A WEEKLY PAYROLL CHECK			
Without a Flexible Spending Plan		With a Flexible Spending Plan	
Gross taxable wage	\$500.00	Gross taxable wage	\$500.00
Federal, FICA & State Tax	-113.25	Group Insurance premium contribution	-40.00
Insurance premium contribution	-40.00	Average weekly out-of-pocket expenses	
Take home pay	\$346.75	Medical/Dental/Vision	-50.00
Average weekly out-of-pocket expenses	3	Taxable wage	\$410.00
Medical expenses	-50.00	Federal, FICA & State Tax	-92.86
Amount left to spend	\$296.75	Amount left to spend	

<sup>•</sup>assuming 15% Federal tax, 7.65% FICA tax (Social Security and Medicare)

The savings really add up. This example leads to a \$20 a week savings. Where would you rather have the money go; in your pocket or toward taxes? In a year, an extra \$1040 could help pay increasing gas prices or help fund your entertainment budget. With BASIC Flex you can put the money back in your pocket. To find out what your savings would be visit www.basiconline.com/fsasavingscalculator.

## MEDICAL REIMBURSEMENT

With BASIC Flex you can save 15%-40% on your out-of-pocket medical expenses. Simply calculate your estimated medical expenses for the year and have that amount set aside in a Medical Reimbursement Account. The money is taken before taxes, so you don't pay most federal, state, Social Security and Medicare taxes on that amount. It's like paying wholesale instead of retail.

We have provided an example of how a current participant calculated the amount they elected for BASIC Flex. Be sure to base YOUR estimate on known expenses because left over money is forfeited.

Charges Savings Deductible \$500 \$113 \$450 \$101 Co-pays Prescriptions \$480 \$108 Contacts \$220 \$49 Dental \$100 \$22 \$75 Over-the-counter items+ \$16 \$1795 \$409 Total

When you incur an eligible out-of-pocket expense submit your itemized documentation to BASIC and receive a tax free reimbursement.

The full amount of your medical election is available for reimbursement upon the first day of your plan year.

If you have questions at anytime regarding BASIC Flex simply call 800.444.1922 x 1 and speak to a BASIC Flex Customer Service Representative.

IRS regulations govern the eligibility of claims which include those that are not fully covered by a health care plan and are prescribed by a physician or other licensed professional, primarily for preventing, treating or mitigating a physical defect or illness. The IRS does not allow reimbursement for the following: cosmetic surgery, insurance premiums, teeth bleaching / whitening, nutritional supplements/vitamins, marriage counseling, debit counseling, eyeglass sun clips and prepayment of services. For more details, refer to IRS Publication No. 502.

### DEPENDENT CARE REIMBURSEMENT

If you're one of the many people who spend money on child care while at work, a Dependent Care Reimbursement Account is a logical choice. Using BASIC Flex is like getting child care or preschool on sale. The money is deducted before taxes so you don't pay most federal, state, Social Security and Medicare taxes on that amount. The savings range from 15% to 40% depending upon your tax bracket.

Determine the amount to put into your Dependent Care Account and start saving. A single parent or a married couple filing jointly can elect up to \$5000 per family, while a married person filing separately can elect up to \$2,500 (It's \$2,500 for that person but still \$5,000 for the family). Unlike the Medical Reimbursement Account, this is a pay-as-you-go account and employers will not advance you any money. Reimbursements are not made until funds are available. Remember, left-over money is forfeited, so elect only what you know you'll spend.

Here is an illustration of someone in a 15% tax bracket with the maximum \$5,000 election. They would save \$1,132 in one year using BASIC Flex.

#### WEEKLY PAYROLL CHECK Without a Flexible Spending Plan With a Flexible Spending Plan Gross taxable wage Gross taxable wage \$500.00 \$500.00 Federal, FICA & State Tax -113.25 Dependent care election -96.15 (\$5,000 divided by 52 weeks) \$386.75 Take home pay \$403.85 Taxable wage Dependent care election -96.15 (\$5,000 divided by 52 weeks) Federal, FICA & State Tax -91.47 \$290.60

assuming 15% Federal tax, 7.65% FICA Tax (Social Security and Medicare)

#### DEPENDENT ELIGIBILITY

- You and your spouse must be employed or actively seeking employment or attending school full time.
- Child must be a dependent under 13 years of age and be in your custodial care more than 50% of the calendar year. If your child turns 13 during the plan year, expenses are no longer eligible for reimbursement.
- A spouse or dependent who is incapable of self-care and regularly spends at least eight hours per day in your home (i.e. an invalid parent).

#### SERVICE REQUIREMENTS

- Provider may not be a minor child or dependent for income tax purposes (i.e. an older child).
- Service provider must claim payments as income and comply with state regulations.
- · Services must be for the physical care of the child, not for education, meals, etc.
- Overnight camps are not eligible for reimbursement.
- Expenses paid for Pre-K are eligible but kindergarten and higher is not.

 This is a pay-as-you-go account. Your employer will not advance any money.

If you qualify for the Child Care Credit, the same IRS rules apply. If you have 2 or more children and spend more than \$5,000 for child care, you may have additional tax credits available to you. For more details, refer to IRS Publication No. 503

### WHEN IN DOUBT, ASK BASIC.

We realize that the IRS regulations can be confusing at times. Please call

BASIC Flex, prior to election, if you have any questions about the eligibility of any item, event, service or treatment. One of our Customer Service Representatives will be happy to listen to your exact situation and advise you on the regulations that apply so you can make the best election for your situation.

We want your BASIC Flex plan to benefit you in every way possible.

Each plan can differ slightly. The list below applies to most plans; however, for specifics on your plan please refer to your Summary Plan Description, contact your Benefits Coordinator or BASIC Flex at 800.444.1922 x 1.

- Flex Benefits end upon termination of employment and/or participation.
- Services must be rendered during your current plan year. For new employees entering the plan during the plan year, services must be rendered after eligibility or election date.
- Refer to the Summary Plan Description (SPD) booklet to find out how long you have to submit remaining claims after your plan year or coverage has ended.
- You may change your annual election if you have a qualified change in status (marriage, birth, adoption, death or divorce). The change in status must correlate with the event and be made within 30 days of the event. For example, if the event is a birth, you may increase your election, not decrease it.
- Your pre-tax contributions through your BASIC Flex plan could reduce your future social security benefits; however studies show it is usually less than 1%.
- According to the IRS, money left in your account may become the property of your
  employer and cannot be returned to you. Please see the Summary Plan Description (SPD)
  for further details. Most people use all their funds by good planning... such as getting a
  physical or dental checkup or new glasses. Rarely is there ever more than 5% left in the
  account, and the tax savings more than outweigh this amount.

#### BASIC LIMITED PURPOSE FLEX

BASIC Limited Purpose Flex is a reimbursement account specifically designed for individuals with a Health Savings Account (HSA). IRS regulations state that an individual with an HSA may not simultaneously have a general purpose flex plan, but they are allowed a limited purpose flex plan. If you or your spouse are currently enrolled or plan to enroll in an HSA during your flex plan year, a limited purpose flex plan might be just what you need. The difference between BASIC Flex and BASIC Limited Purpose Flex is the eligible expenses. A BASIC Limited Purpose Flex plan only allows for reimbursements of dental, vision and post deductible expenses (co-insurance and co-pay expenses after your deductible has been met). With a limited purpose flex, you may still sign up for a dependent care account.

While this booklet provides general information about a plan, a Summary Plan Description Booklet containing further details is available. If you have specific questions regarding your particular situation, you may want to consult an attorney or accountant.
